Customer Reviews

I was very happy to get this book. It is a soft back. It was fun to flip through the pictures and to pretend I was in that land, checking things out. The book also includes a section on California Adventure, but before the big redo. So if you had a chance to visit the park before 2005 and want a way to remember what it looked like then, this would be a good book to have in your collection. Pictures include the orange stinger swing ride and the California letters in front of the park. The book is copyrighted in 2005

Fun to recall the past!

Nice little book of full color Disneyland pics
