Customer Reviews

Was purchased for a 5 yo (ahead of himself) who has a pirate addiction. He has been carrying this book around since it was received last week. He can't read yet but the pictures speak to him. His father said it was a wonderful book full of history and facts that held his own interest also.

We gave our child the first book at age-5 (now 8). Remember buy the most current revision that has the CD library attached at the right upper hand corner of the book.

As expected. The whole series of books is good.
