# One Duck Stuck: A Mucky Ducky Counting Book

## Synopsis

"Perfect for reading aloud, this counting book not only contains bright bold illustrations but also has lots of . . . sound effects that children will love to replicate."â Booklist  
Down by the marsh, by the sleepy, slimy marsh, one duck gets stuck in the muck . . . Can two fish, tails going swish, help? What about three moose, munching on spruce? Bright, spirited illustrations by Jane Chapman enhance this one-of-a-kind counting tale by Phyllis Root - a feast of sounds and numbers that will have listeners scrambling to join in the slippery, sloppy fun.

## Customer Reviews

I checked this book out of the library and my daughter and I loved it. So, I ordered the board book version for her (she's 1 1/2), and found that a good 1/2 of the book is cut out. I'm returning it and getting the regular edition. So, if you like the tongue twisting verses, don't buy the board book.

It didn't take long for my 2 1/2 year old son to start saying the words along with me. He loves saying the numbers and " stuck in the muck...". It is written in an amusing and rhythmic fashion, so it is easy to read and remember. I originally got the book from the library, and my son loved it so much, I bought it. But, unfortunately, the board book is so abridged, that it leaves out all of the fun word play. Go for the original book. It will be a hit with any kid.

All the charm of the original, and all the clever rhymns, are left OUT of the board book version. I LOVE the original, and was so excited to see a board book edition, until I started to read it aloud to my twin toddlers. Get the original, paper version. It's SO CUTE!

I purchased this book for my son to replace his well used copy. I was very disappointed to find out that it is not the full version. This should be mentioned in the item's description. Now I will have to purchase another book[the full version] elsewhere. I would however give the full version a rating of 5 stars.

One Duck Stuck is a darling children's book -- that moms and dads will love, too! We checked this out of the library, and liked it so much we went to .com and bought 3! It's rhythmic verse is enchanting and the kids recite it like a song. The alliteration is clever, as well. The illustrations are colorful and alive! The whole book just draws you in and makes you want to read it over and over again. It's a feel-good, happy, sing-song little story the whole family will love.

My 2 1/2 year old loves calling out the rhyming words as we read through this book - duck, stuck, muck. Nicely illustrated. Be prepared to read this over and over.

My one year loves books - but not just any books. They have to be quick paced (to keep up with his fast page turning), have colorful and interesting illustrations, and have a repetitive but catchy story-line. ONE DUCK STUCK delivers on all three counts and became a favorite the day we got it. The cheerful rhyme "no luck, still stuck" repeats on almost every page, the story is cute with a good moral (all the animals work together to free the stuck duck) and the pictures are vibrant and interesting to the youngest of readers. We own tons of books but this is one of my son's top four and is re-read time and time again without him losing interest.
