Every child loves to craft. These easy - to - do projects will have kids sticking Washi tape all over their world, their family's world and their friend's world too. The sky's the limit, and yes, if they could reach that high, Washi tape would be covering the stars, the planets and even give the sun a new, trendy make-over. This book instructs your child how to utilize colourful, fun Japanese crafting tape and create magnificent, unique designs and creations that will have everyone oooohhhing and awwwwwing. Included are 45 Washi tape "recipes" that will need a dash of imagination, a pinch of

determination and a polite "burp" at the end when the project is completed to convey total happiness and contentment as the taste of "well done" lingers on. The fun thing is that when you want to change things up again you simply remove the present tape and begin again. No fuss, no muss, just a brand new ideas to create and to explore. Your child can craft: a cloud and raindrop bookmark, a beautiful bobby pin flower, a coveted braided friendship bracelet, amazing cutout art or even an exclusive, unique cover for her phone, just to name a few. These crafty adventures are made easy by step-by-step instructions and colourful how-to photos. What are you waiting for? Don't be a stickler.... go head....Washi your world! Wheeeeeeee!!!!

unless you are VERY artsy and experienced, this book is not for you. I am a beginner with wash and only wanted cute ideas to work on projects with the grandchildren. Most of this was just too complex. Could use UTUBE for free.

I craft a lot and work with washi tape regularly and I found this book to contain some really unique and interesting techniques like a way to transfer printed type to the tape! There is also a great idea for decorating basic clear plastic pens that looks sooooo cool! The book includes both embellishing projects and a bunch that are made exclusively with washi tape. A great collection of ideas and tutorials to inspire you to work with your washi tape collection (or hoard :)

Super Cute ideas, and easy to do projects. Awesome work Ashley! You inspire me! Very Creative!!!
