The Little Giant Book Of Amazing Mazes

Synopsis

It's a little book with hundreds of pages of big a-mazing fun--in fact, some of the most incredible and detailed mazes you'll ever see! Will you go astray in the middle of the "serpents' circle"--or will you work your way out? Look into the swirling black-and-white funnel and find the lines that lead from top to bottom. Help a butterfly escape from a leafy bush. Draw a continuous line from A to B that passes through every diamond in a pattern--but none of the circles. Navigate through a cluster of open-mouth masked faces (make sure you don't get swallowed up here!). Help the prince locate the right road to the queen so he can present her with a rose. Fortunately, if you get a little lost along the way, the answers are your map out!
