## Customer Reviews

Our church holds an annual missions rally each February, and as part of that, each children's class is asked to study a country and then decorate a "float" for their country. Our [...]girls really enjoyed learning about Indonesia, and the masks found in the book were a fun and educational project that enhanced our unit. We displayed the masks on batik fabric on our float, and it looked great! Two of the masks in the book are quite challenging and take a lot of time to make; so I had the girls make the easier ones. Overall, I think this book is an excellent and economical resource!
