Customer Reviews

These are the greatest ideas in books I have seen in a good long time. They teach creativity and help kids open their minds and see what's inside. I really like the fact that it has exercises in it that encourage rewriting. Whether your child needs a boost in writing or plans on being the next Hemingway, this is a great book to get them started. My favorite part was the exercise that asks, if you were a dolphin how would you spend your day? These books will generate a mind no matter what type of stories your child likes. I gave one of these to both my 7 & 8 yr old boys and they have been begging for more ever since and making up their own. This is a great stocking stuffer instead of candy!!!
