When I Look At Me!: What Do I See?

Synopsis

What does a child really see when they look at themselves in a mirror? Do they see a smile as big as can be? What color are their eyes? Can they crinkle and wiggle their nose? There is nothing as funny to a child as when they look at themselves in the mirror. Full of clever rhyme and colorfully animated characters, *When I Look At Me* is sure to keep your child entertained for hours as they make their own funny faces in the mirrors on every page.

Customer Reviews

I bought this book for my son when he was 4 months old. He loved the bright illustrations and the mirror on every page! He is 11 months now and this one is still one of his favorites

My baby loves this book. She is 3 months old now and smiles whenever I read this book. She loves the pictures and loves to look in the mirrors on each page.
