Tape It & Wear It: 60 Duct-Tape Activities To Make And Wear (Tape It And...Duct Tape Series)

Synopsis

We've seen it all, duct tape toys, wallets, cell phone cases, and tote bags--all amazingly creative projects that prove just how versatile this tool drawer staple can be; and it doesn't end there. Trend watchers have spotted the next stage of the duct tape revolution...and they're not just watching it, they're wearing it! Duct tape clothing has been featured on shows like Project Runway, on red carpets across the nation, and even at proms. Who better to demonstrate this technique than the duct-tape diva herself Richela Fabian Morgan! Picking up where her two previous titles, Tape It & Make It and Tape It & Make More left off, Richela puts her infinite creativity to work to show us how to make completely hip, uniquely wearable skirts, hats, vests, and more out of duct tape. Easy-to-follow instructions, tips on tools and supplies, more than 500 full-color illustrations, and 60 amazing projects, makes Tape It & Wear It is a must-have for crafty style mavens and fearless fashionistas everywhere.

Customer Reviews

Do you have children/grandchildren aged 10-80? if so they will love this book. Buy stock in the companies who make duct tape before giving it to them because they will start buying it and using it by the dozens of rolls. My granddaughter who I gave this book to for her birthday recently, makes purses, jackets, wallets, pants, shirts, hats, bags, you name it, she makes it. Its a lot of fun and she doesn't seem to tire of it. There are countless projects *60 to be exact* easy to difficult, but with

clear and easy to follow instructions. Once you get the hang of it, you will be able to get very creative and make things not in the book or modify those items in the book to your liking. GREAT FUN!

The kids today like to make things out of colorful tapes. This book just gives them all kinds of extra creative ideas to do and try. It was a very nice and different type of gift. I also added with this book a pack of the creative tape that is also sold on .com.

Received in 4 days from order date which included weekend time. My daughter is going to love this book. It has such cool stuff in it.

My nieces (9-11) are COMPLETELY happy with it. Easy to follow directions and fantastic projects completed without frustration.

Wish there were a few more simple projects & better pictures of the steps, but the overall concept is really cool.

My 7 year old loves it - Some of it was a little complex but lots of hours of entertainment.

Fabulous but complicated. Great for older than 12. Requires patience.
