## Customer Reviews

WHO knew? I live in the U.S. This calendar was printed in the U.K. I ordered it to hang near my desk. The pictures are colorful, with the best aliens from the series, even The Silence. The American holidays are not there and the weeks begin on Monday but it doesn't take long to get used to it. It is a large wall calendar. It makes waiting for the next series of THE DOCTOR a little easier.

Okay, okay, I actually bought this calendar for my son, but we're both rabid Whovians so we are enjoying this calendar together. As with most other calendars, it's printed on a nice heavy coated paper stock and sized just right for that convenient calendar-sized space in the middle of all the varied sci-fi and fantasy posters on the wall. I give the graphic design and choice of photos top marks. All-in-all, an excellent calendar for the price and will definitely give us much enjoyment for the rest of the year!

The calendar took over one month to arrive, and when it finally did, it had been folded in half. There's a permanent crease across both the top and bottom. It would have been a nice enough item, but if you want one, purchase it from a different seller.

Based on the preview on the back, they have Auntie and Uncle but not Idris! How can this be? Silly designers. Ruins the whole thing for me.
