All About Autumn Coloring Book Double Pack (Volumes 1 & 2) (Art-Filled Fun Coloring Books)

Synopsis

This double pack includes All About Autumn Coloring Book Volume 1 and All About Autumn Coloring Book Volume 2. So, that means that you get all of the autumnal illustrations from each of those volumes all in one coloring book. With 60 designs that celebrate the autumn season, colorists of all ages will delight in adding their own touch of color to each of the illustrations found in this coloring book. So, gather together your favorite art supplies and get ready for hours of fun as you color each of these beautifully detailed autumnal designs. The back of each coloring page has been left blank. That makes these illustrations perfect for displaying after youâ€™ve finished coloring them in.

Customer Reviews

Single sided images (blank backs). Some images are cute, some are basic and some have such small parts that I don't see how they can be colored, even with the finest of points. (See images.) The paper feels light in weight. Will definitely need something to protect images underneath. I've tried to take pictures that would represent what you'll find in this book.

The colorful days of autumn have been artistically captured and brought to you with bright orange pumpkin collages, leaves in shades of red and gold fluttering to the ground. Acorns, Pinecones and Maple tree seeds fill other collages. Fall is truly a season to inspire all colorists, aflame with color and filled with texture, these images will inspire you and take your creativity to another level.**Note:**

There are 4 scenery type pictures in this book, my favorites but the rest are collage images. This is a wonderful little book to color through the fall; it is perfect for using techniques for texture, and to experiment with colors. 1. 60 illustrations in this little (8 1/2 x 10 1/2) book, printed one per page, on light weight, bright white paper. 2. All markers and gel pens bleed through the paper; I just place a piece of paper under the page I am coloring to prevent damaging the next page. 3. Most of the illustrations are made up of medium details and would be perfect for Colored pencils or Ultra Fine markers. Crayons and Gel Pens would work on a few. 4. This book combines 2 books vol 1 and vol 2, All About Autumn into one large 60 page book. 5. Most of the illustrations are collage type images that include: a. 4 Scenery type pictures, these are my favorites b. The collage pattern and design images include, 4 with pinecones, 17 with pumpkins, 14 with leaves, c. The other 21 collages are made up of a combination of leaves, acorns, pinecones, pumpkins, flowers, trees, or maple seeds artistically combined together in artistic Fall collages.

I loved coloring as a kid and was surprised to see coloring books for adults. Unfortunately this is not a very good book. Not much variety in pictures throughout the book. I cannot recommend this book.

Fall is my favorite season and this book is full of some awesome fall pictures to color and I totally recommend it to anyone who loves the glorious colors of fall.

I was disappointed in the book overall. I expected all the pictures to be similar and a bit more challenging. It seems that some of the pictures are done by a professional and others seem to be designed for kids and are very basic. Overall, I love about 1/3 of the pictures in the book.

I was concerned that the pages would be too thin for markers, but they weren't. A great book for the price! Beware though...LOTS of pumpkins! I never want to color another pumpkin again lol.

Very cute Autumn themed coloring book. Great for adults and kids alike, a wide variety of both large/simple and detailed of pictures to color. The description says volumes 1 and 2 but it is one bound book that is about the thickness of an average coloring book. The pages are whiter and thicker than standard coloring books though.

There is such a dearth of fall themed coloring books! I was really anticipating this, but I was pretty disappointed. I would love scenes to draw, I was not dying to draw a bunch of pinecones or maple

seeds. Not much variety here. I have found a lot of Christmas Coloring books that are spectacular. Still waiting for an autumnal book.
