My 8 yr old son broke is foot and is in a cast. It is really been hard for him to sit still, but coloring seems to calm him down. He was thrilled when I brought this book home.This book is definitely targeted at younger audiences. The designs are large and very simple--but perfect for an 8 yr old boy who is a Minecraft fan. (See my photos).Details:*Pages are printed double-sided, so crayons and colored pencils are best (markers will bleed through).*60 Designs are on bright, white paper, printed to the edge of the paper.*Pages are not perforated.*Paper isn’t super thick, but I don’t think my son really cares!If your younger child is a Minecraft fan, and likes to color, they will like this book!

I rather hesitantly,I ordered this coloring book. There aren't many reviews and of the reviews and there are no pics of the actual coloring pages. That said, I am very pleased with this coloring book. It's high quality coloring pages are fun and the ink doesn't run when you color. My nearly 8 year old LOVES it. As does his little Sister. There are many different scenes and characters through out the book. We like it so much, we will be ordering a few more for upcoming birthdays.

Nice quality coloring book for younger Minecraft fans. Large pictures and nice quality paper. There are 60 pages that cover 37 scenes/ aspects of the game. Stamp and Squid even make an appearances. Text is limited to a few world descriptions of the scene. Each scene is either one page or a two page spread. Perfect images for my six-year-old son who has low-average fine motor skills.

Bought all Minecraft books from this seller and my son really enjoys all of them.

If your kids love minecraft like mine they will enjoy this. ages 4-8

My son and nephew love Minecraft!! There's not too many coloring books out there that include the YouTube famous Stampy Cat and Ballistic Squid. My son and I love to color in this book.

BOUGHT IT AS A GIFT. I THINK THEY LIKED IT. GREAT FOR KIDS. VERY GENERIC NOTHING OVER THE TOP.

Bought this for my grandson, who is 11, and he is enjoying it. He is almost past the coloring book stage, but the game of Minecraft is one of his favorites, so this book fits him well.
