Customer Reviews

Yes, I'm almost 40 years old and still love to color!! I just don't always want to color My Little Pony or Hello Kitty! This coloring book is FILLED with beautiful floral designs that are fun to color! Each page is perforated for easy removal, if desired, from the rest of the book. I personally use colored pencils when coloring, but because these pages are one sided (plain on the back side) you can feasibly use skinny markers and not worry about ruining the opposite sides picture. Coloring really relaxes me and let's my creativity flow easily. These pictures in this book encourage that! My 14 year old daughter has even found she enjoys coloring in MY coloring books now! This designer really knows what we want to color! I will buy again!!

I love this adult coloring book. Takes my stress away and leaves me with a brightly colored design

Too many thick black lines in a large number of pictures. Not much room to color.

The designs in this coloring book are simply beautiful. Now just to find all the time I want to actually sit down and relax!
