Customer Reviews

There are 50 pages in the book half of which are pages to color. The other 25 pages are of the same picture, but are already colored. The child is supposed to look at the picture and color it the same way (that's what's written at the bottom of the page that's already colored.) Plus, this coloring book is not only of monster trucks, but has numerous other vehicles like a fire truck, police car, racing car, a tank, pick up truck and ambulance. For \$6.75, this book is significantly overpriced!! I would not have bought this book I had known these things beforehand.

My grandson and he loved them! He is 6 years old and will set down and color for hours.
