Customer Reviews

There a great many other party game books out there that have more content, more fun, and are a better deal than this ill-conceived title. I would recommend passing this book by and choosing something that gives you more for your money.

This is an awful book and a waste of the paper it is printed on. The few pages that it has is duplicated for tear out sheets, and it has only 3 games in it. It is not the Best and I regret spending my money on it.

This book is a great tool for parents who worry they won't have enough activities to keep a bunch of crazy kids busy. If you're planning a birthday party, BUY THIS BOOK!!!
