Pin The Tail On The Donkey: And Other Party Games

Synopsis

The best-ever guide to 20 party games is back in print. From Doing the Conga to a Draw-a-Face Relay, there's a perfect game for every occasion. Get your guests in the party mood with wild crowd-pleasers such as Musical Chairs and Limbo, and then move on to popular concentration games such as Fish for a Surprise and Telephone. Or test your treasure-hunting abilities in lively group activities such as Hot and Cold or Peanut Hunt. Together with Alan Tiegreen's lighthearted illustrations, Joanna Cole and Stephanie Calmenson's clear step-by-step instructions and insightful tips -- such as how to make everyone a winner -- will make planning your next party a piece of cake!

Age Range: 9 and up

Grade Level: Preschool - 7

Customer Reviews

So you are planning a party for your youngster and are trying to remember some fun games from way back, but your mind goes suddenly blank? Here is a collection of twenty fun and simple games for young children, that also very easily lend themselves to variations as you go along. The games described don't involve complicated rules or require elaborate preparations and are clearly and attractively presented. For each game, there is also some advice on safety issues and some ideas for variations. A very useful resource. Worked very well for my four year old's recent birthday party.

I recently gave a party for my 7 year old using games from this book. They had a blast! The games are VERY simple and definitely only for the age group that was recommended by . Most are the classics that you probably know already but when you sit down to think of things to do, you forget.

Its a handy reference guide and not expensive. If you are looking for more complex or unique games, this isn't for you. But for the purpose it was intended, they nailed it. Oh, and it comes with the game of Pin the Tail on the Donkey...I bet that is at least \$2-3 by itself in the store!

We bought this book on the occasion of our twin daughter's fourth birthday. It just so happened that developmentally they had started getting into playing games a few months before. We had initially thought just to break open the book at the party, but as usual, the girls spotted it on its arrival from . We ended up reading it almost every night, and they loved learning how to play the various games, and were excited about teaching their friends. To be honest, we didn't use all the games at the actual birthday party- too many things were going on. Still we were able to play a few of the games, like pin the tail. We'll probably use it again next year. Highly recommended if your parenting style is not the type that tries to outdo others with hiring more extravagant clowns or ponies...
