Customer Reviews

The puzzles in this book are wonderful to use after students have finished a test or other work. It keeps them quiet so that the other students can finish their work undisturbed. The puzzles are a little more challenging than the usual Highlights Hidden Picture puzzles, which makes them great for junior high age students. I highly recommend this book and hope that Joe Boddy creates more in the future.

im sure the book is fine for those of us who can read. My 5 and 6 year old children(and myself) prefer the hidden picture books that show the pictures that need to be found, not in words, but actual pictures.thanks,amy

My son and I do one almost every night before bed and he loves it. The pictures are in black and

white but that just means that he can color in what he finds. The only downside I see is that the book doesn't have many puzzles in it.

I bought this book for son. He was thoroughly pleased with it. He said it was the greatest!. The puzzles kept him entertained for hours with never any boredom.

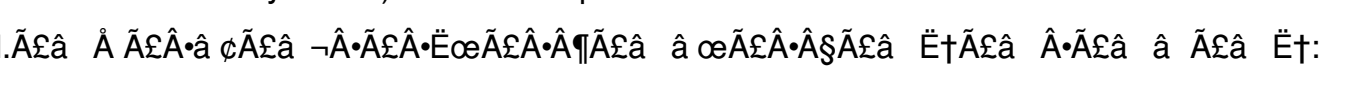

Very interesting combination of coloring book and puzzle. Kept my 6yo entertained on a plane trip without having to lug a lot of bulk. Very slim book, not many pages. Can be hard to tell if you've found "it" in some of the puzzles -- might frustrate a child who is very particular about having a precise right or wrong answer.

This book is not for little kids-it is black and white no color at all, not what we expected at all. It is for children who like to color within the lines with thin markers and kids who are old enough to concentrate-likely 10 and over.

These hidden items are indeed hidden well. It is a challenge for kids to locate what is listed to find. They can color the hidden items or circle them and color the whole picture. They could also color the hidden items one color and the rest of the picture the colors they should be or any other color. Answers in the back.

I ordered this for an elderly neighbor who has been in the hospital. She asked for word searches because she's having trouble concentrating, so can't do things that require too much memory. I told her I like to do picture searches. She really wanted some. I could not find them in town. I went home, ordered us both a book, on Monday. Received them on Friday. She loves hers.
