Customer Reviews

The paper is lower-quality and thinner than you'd expect in a calendar, so the pictures are nice but not as inspiring as you'd want. It's perfectly fine but not necessarily worth the wall space. OK for the office or the basement.

For a \$6 calendar, the paper is a good thickness. I hang it on the wall using a nail through the top center hole. Even with a heater blowing down on it all day, the calendar holds up well and had not had any tear issues. The day boxes are easy to write in, and the pictures are great. The dates are big and easy to read from across the room. Overall, a good calendar for a good price.

I love the calendar. It is a large wall calendar, great for those with less than perfect eyesight. The photos are as gorgeous as they seem in the advertisement. The problem, however, was with the shipping. I ordered this calendar in mid-December and did not receive it until several weeks into the new year, even though the product was listed as "Prime" available. I was very disappointed with the misleading way they advertise the shipping capabilities. Had it not been so late, I would have given it five stars as the calendar is very beautiful!

Paper is quite thin and when I hang it up on wall the paper ripped. So now I have to tape it to the wall and it still looks like it's trying to rip.

Nice photos. Very vibrant and colorful. The paper is a little flimsy compared to thee Calender's I have had in the past. Overall I like the Calender's just wish it was a little thicker paper.

This is beautiful calendar. Nice thick paper, beautiful photographs that really pop out, and a perfect size.

Nice Calendar. Didn't think the pages are too thin like other reviews. No complaints.

Great Calendar. Nice pictures. I order one each year.
