Weather 2016: With Daily Weather Trivia

Synopsis

Weather is beautiful, threatening, moody and capricious. It can paint a dazzling face on a winter morning or wreak disaster at a moment's notice. Even at its most ordinary, weather is endlessly fascinating in its variability. In *Weather 2016*, world-renowned photographers present remarkable and often breathtaking images of a range of atmospheric conditions, from a dark horizon fractured by lightning to the terrifying funnel cloud of a tornado. These 12 unforgettable photographs are accompanied by 365 intriguing weather facts, which remind us again that no matter what the weather, it is anything but boring.

Customer Reviews

nice and perfect for the wall nice photography .if I have 1 complaint its that there is no place to write appointments etc because each day on the calendar has some kind of weather fact

There were no dimensions on the website and it looked smaller than ones that gave dimension it was too big for the space

Cool Calendar. The daily weather facts is interesting, but sometimes takes up too much room.
