Customer Reviews

I hate that my kids are addicted to videogames (as I have been in the past).... Brainquest in general is great way to engage them and spend 1-1 time with them. I only wish I thought about creating these products.

This car companion is the best. Typically, on long car rides, my nieces choose to listen to music, or

watch a movie. I gave them this gift and they were using it in the car with their entire family. I was told that the adults had a hard time answering some questions, so everyone learned, joined in and had fun. Easy to store, use and keep on hand!

who doesn't remember doing Brain Quest as a kid!? I got these for my niece and nephew for a road trip they did this summer from OR to KS; and it was a ton of fun to hear them try to answer the questions, learn new facts, and have fun in the car. brought me back to my childhood too

My 8 year old loves Brain Quest! I have been getting them for her for the past 2 years. A great way to spend time in between busy parts of your day!

My boys love these questions! It keeps them entertained...they are always "bored," and these cards cure it!

Great way to entertain kids and adults on a long car ride!
