Because Of Winn-Dixie

Synopsis

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis.

As my ten-year-old daughter and I were browsing for new realistic fiction children's books to fulfill a school reading assignment, we, by chance, came across "Because of Winn-Dixie," by Kate DiCamillo. The title of the book (and the fact that it was new) influenced our purchase, but it wasn't until my daughter and I read it that we realized what a treasure we had discovered. Both children and adults will be drawn into the story of India Opal Buloni's tenth summer, when she adopts a big, ugly, but affable dog, Winn-Dixie, named after the Florida grocery store where he was found. India Opal, or Opal for short, is a preacher's daughter with a fairly unusual name. Opal has some major life adjustments to make, after moving with her dad to a trailer in a strange, new town. While trying to break through the seemingly impenetrable shell of her introverted father's feelings, she also has

to wrestle with her own sadness, disappointment, and curiosity about her alcohol-abusing mother, who deserted the family when Opal was three years old. Winn-Dixie, a magnificent mutt who, among other talents, can smile with his teeth, is the facilitator of a number of new and sometimes unlikely friendships that Opal establishes over the summer, including one with her father. "Because of Winn-Dixie" acknowledges in its characters their shortcomings and sufferings, but the triumph of this book is how it celebrates friendship, forgiveness, tolerance, and new beginnings. (P.S. You might want to have a handkerchief on hand for some parts.)

Our elementary school library just acquired two copies of "Because of Winn-Dixie," because of its status as a Newbery Honor book. I gave it to one of our fourth grade teachers to preview. She devoured it, raved about the book and immediately began reading it aloud to her class. Now we have a growing list of students waiting for it on hold. Before letting the kids check it out, I read it, and absolutely loved it. The other reviews here give you a good picture of what the book is about. What I liked about "Winn-Dixie" is that it packs a lot of grace and wisdom into an appealing scruffy dog story. For example, when Opal befriends elderly Gloria Dump, she asks her about learning "the most important thing." "It's different for everyone," she said. "You find out on your own. But in the meantime, you got to remember, you can't always judge people by the things they done. You got to judge them by what they are doing now." Quite often in the past few years I've been disappointed by titles that have received the Newbery Medal or Honor. "Because of Winn-Dixie" is a title that genuinely deserves this honor. In my opinion, this Honor book will become a classic, much as the Laura Ingalls Wilder Newbery Honor books of the 1930s and 1940s are still being read today. Very rarely do I read a book that I insist my friends and fellow teachers read, or that I'm tempted to buy for many people. "Because of Winn-Dixie" falls into that category.

Racing through an airport, I spotted this book for sale and purchased it for my 9 year-old. I started reading Winn-Dixie just to get a feel for the story and the next thing I knew, I had finished the book, missed the first hour of the flight and had thoroughly enjoyed a book I thought was written for children! Needless to say, my daughter enjoyed the book so much that she, her father and her younger sister then read the book aloud together. I plan to read Winn-Dixie aloud to my 8th grade students next fall. Buy this book. It is remarkable and to not read it is to miss a wonderful story by a very talented writer for all ages.

I rate this book five out of five dogs. Because of Winn-Dixie is a terrific story about a lonely girl,

named Opal, and a stray dog, named Winn-Dixie, who change each other's lives. Winn-Dixie helps Opal make friends in her new home, Naomi, Florida. She moved there with her dad, the preacher, when he got a job there. Opal is lonely because her mom left when Opal was three. Because of Winn-Dixie, Opal meets all sorts of new friends. I recommend this book to all people who love dogs. This book is special because it won the Newbery Honor Award in 2001. Winn-Dixie is the first book by the author, Kate DiCamillo, who works in a children's bookstore. I rate this book 5 out of 5 dogs and highly recommend it to all who like great stories about dogs--especially those who don't die at the end of the book!

Because of Winn-Dixie is the best book I've ever read! It is about a girl named India Opal who is new in Naomi Florida who is in desperate need of friends. Opal finds a stray dog at a Winn-Dixie grocery store who is also in need of a friend. Their lives change from that point on. This is a great story about friendship. You'll want to buy a dog after reading this book.

One of the differences in the children's book world is that everyone always asks, "What age is the book good for?" We never ask this of adult books. Here is a book for any age. Anyway, this is a wonderful, warm book about survival and rebuilding. Opal, the young protagonist and her adopted dog, Winn-Dixie, both have to rebuild trust after betrayal. The setting is sultry Florida and the town is Any Small Town in America. The community that Opal discovers and the forgiveness she must extend will captivate all readers to the very end. I would compare this with Dacey's Song and with Clyde Edgerton's prose. I will give this book as a gift to ten year olds and anyone else, of any age, who can read!
