I use these calendars every year for diaries. It's fun to see all of the different quilts each week. There is usually enough space to write a paragraph each day. I wonder if my kids will read all of them when I'm gone??

This has been my favorite calendar for many years, plenty of room to write on each day and see a week at a time. But this year someone did not proof the first page and gave December only 28 days.

I have used these calendars since 1984. Not only are the quilts within incredibly inspiring, there is plenty of space to put more than you thought you would need. I constantly go back to them to

refresh my memory about events and phone numbers I have jotted down. It has become a diary of quilting in modern times and a personal chronicle of an ordinary life. I hope my children will enjoy one day reading about their daily lives.

I was expecting a monthly hanging calendar and what I received was a weekly date book. Very poor description of the item.
