Customer Reviews

Twilight Sparkle and The Crystal Heart by G.M. Berrow
This review is for the older fans of MLP:FIM who are curious about what this book has to offer. A little bit about me I'm a college student studying electrical engineering and I'm a 21 year old guy who has a distinct love for slice of life cartoons. I love this show more than you could imagine, so if you got any questions that my review doesn't answer feel free to comment. Don't be shy fellow pegasisisters and bronies, :). What you really want to know (for those who want to go straight to the point): Anyway, I received this book in the mail today, and after about 4 hours of reading and digesting the material, I can safely say that our beloved Twilight Sparkle is still her very same "adorkable" self. She is still very studious, stubborn, and very modest when it comes to her achievements. So we can all rest easy in the personality department, she hasn't changed one bit. As for her relationship with the mane 6, the only difference

is of course she is royalty now, but other than the occasional Princess calling they are still the down to earth friends we all fell in love with. Also we get some background on Princess Cadance!

(*squee*)Do not read the bottom part if you don't want to be

spoiled.-----Brief Synopsis: [Spoilers inbound]. I will put my personal thoughts in (personal thoughts)The book starts off where the ending episode of Season 3 left us, exactly the day after the coronation of Twilight Sparkle and her transformation into "Alicornhood". Our pony girl, Twilight Sparkle is having some trouble on how to handle her transition into royalty.
