Customer Reviews

I've always like X-ray photography of flowers (I have prints of 3 hanging on my walls), but this calendar gives the extra element of showing them with color. Very nice photographs if you're into this type of photography.

Over the years I have bought the "Flower Spirits" calendar and consistently have 12 months of beautiful photos to look at. There is a zen like feel to these and it just makes me happy. This is my fourth year to purchase, not all from , but I'll definitely check again next year because it is kind of hard to find.

Love the pictures and layout. Simple and not busy to look at. Calendar cubes are open, not overloaded with unwanted graphics or information leaving me all the space I need to schedule. I have bought this every year for around 5 years now. New pictures every year. And if you have

Prime, you don't have to hunt it down in the stores.

This is the second time I've purchased a radiograph calendar. I've enjoyed the calendar each time I've purchased it. I buy the calendar even though I get calendars from charities I support. If it is offered, I'll probably get another one.

This calendar is stunning. The picture for each month is of a different shaped flower and color. The picture for each month is well chosen. I will order this calendar again in the future.

I've had this calendar brand for 3 years in a row and I still love it. The only thing that isn't to my taste is that the week begins with Sunday. With the 2015 calendar I noticed that the July lavender picture is a repeat from the previous year. That was a little disappointing

I've been buying these calendars for three or four years now because I love the images. I'll miss them terribly if they ever become unavailable.

I buy the large wall calendar for my home and the small one for the office every year. The artist is amazing. The pictures are gorgeous
