Customer Reviews

I have to have a calendar by my desk which just happens to be in our bedroom, and my husband hates the look of a big wall calendar. I needed to find something that I could write on (eg. Appointments, birthdays, bill due dates) but that could sit on top of my desk as well. This was perfect. I checked out plenty of websites and was unable to find a desk calendar with room to write in. To be honest, I picked this for the functionality more than the prints. But if you want to just view the calendar days, you don't see the drawn flowers on the opposite side. Will buy for 2017 too.

This is a great calendar! The easel style is hard to find, but I am very happy with the quality and design of this one. The months take up the whole side (no extra pictures), making it roomy for writing things on the calendar and easy to read. The other side has really nice flower pictures for those walking by the desk to see. I have had no problems with the calendar staying up and am glad I purchased this item.

This is very nice and not too large to be annoying.

Beautiful illustrations. A bit bigger than I anticipated, otherwise it's fantastic!
