National Geographic Readers: Sea Otters

Synopsis

In this level 1 reader, young readers will explore the fun-filled world of lovable otters. Follow these playful critters through their aquatic habitats, learn how otters raise their young, and discover their curious and social natures. Beautiful photos and carefully leveled text make this book perfect for reading aloud or for independent reading.

Customer Reviews

OTTERS ARE TOTALLY MY FAVORITE ANIMAL EVER! This book is great for all ages. My 6 year old sister loved it. I really recommend it.

Nice easy to read with a lot of pictures. My 5 year old likes non-fiction books and he has a stuffed sea otter. This was a good way to read about them.

Love the whole series. Great collection to have for little readers. Interesting and fun for kids who love the animal kingdom.

An informative little book. It is a perfect addition to the stuffed toy Otter I bought for my grand

daughter.

Torn on corners , book is bend, your better off buying it in a book store, that way you get a new book .

Love these little books for my preschoolers. They learn so much about their favorite animals.

It's a great book to inform the public ages 4-9 at a school or at home in the evening in bed

great series for young ones. My six year old devours these. Pictures are beautiful.
