# What Sisters Do Best

## Synopsis

This delightful board book by renowned author-illustrator team Laura Numeroff and Lynn Munsinger celebrates all the wonderful things sisters can do! Sisters can do lots of things, like teach you how to swim, start a game of tag, and be there when you need them. But what do they do best? The answer is clear in this irresistible celebration of sisters and the everyday things they do.

## Customer Reviews

I bought this book for my 2 year old neice who just had a new baby sister. She LOVED it and asked me to read it to her over and over again! It's a great book for a big sister gift because it's not specifically about being a "big sister" like a lot of books are, it is just about how great "sisters" are and all the fun things they can do together, so both of the girls will be able to enjoy it for years to come! I highly recommend it!

My favorite part is that it's not all about being a princess or exclusively "girly" stuff. These girls play sports, have adventures, climb trees, and play dress-up too. Laura Numeroff is a favorite of ours.

I bought this book for my 4 month old and almost 4 year old daughters. I look forward to reading it to them both as they get older. The board book will work well as the baby will be rough on books for some time. The story has different animal characters as sisters and shows what they enjoy doing

together. I highly recommend this book for new little sisters!

This was a "gift" from my 7 month old to my 3 year old for her birthday. It's a great way to encourage your child to appreciate their sister for all the things they will get to share together. My 3 year old loves the little animal sisters that are in the illustrations and the rhyming text was easy for her to memorize, so she can now "read" this book to her little sister.

I purchased this book for my four daughters, currently ages 8, 6, 2, and 1. This is a fantastic book because it can be read to and enjoyed by a wide range of ages as the book depicts sisters in various stages of childhood interacting and enjoying each other's company. I love that the book shows girls participating in traditionally male-oriented activities such as ball sports and building model airplanes! The book touches on a variety of scenarios and situations in which sisters will inevitably find themselves throughout their youth yet keeps the messages simple and says as much with the darling illustrations as it does with words. All four of my girls love reading this book and I have a feeling we will be enjoying it for years to come!

This is a super cute book about sisters and all the fun things they can do together. I really like that it shows girls doing things that aren't always considered "girly". I also like that it is not geared towards just a big sister or just a little sister but can be equally enjoyed by both. My daughters like the cute animal sisters. I would buy this book again.

My niece loves all the different animals they show in this book. I was happy to see they didn't show the sister's only doing traditional girl things. The book actually showed the sisters playing sports which you just don't always see in girl books.

This is a lovely book to read with my daughters when they are giving each other a hard time. It calms them and helps them reflect on the fun stuff they can do together.
