Secret Garden 2015 Wall Calendar

Synopsis

Welcome to your own little slice of paradise. Find it at the end of a meandering trail, or underneath a lush canopy of trees, or beyond a stone structure, weathered and overgrown. A trellised garden brimming with roses. A patio-turned-oasis with an abundance of potted plants. And the greens and fiery reds of a Japanese garden in fall. The Secret Garden Calendar invites you to a dozen garden retreats, soul-restoring sanctuaries composed of greenery, sunlight, vibrant blooms, and soothing water.

Customer Reviews

This is the first time I have purchased the Secret Garden calendar, but I will be a regular customer from now on. The photos and the gardens they show are truly lovely. I would be thrilled to have my garden look 1/100 th as good as the gardens photographed. The layout of the calendar section is also very pleasing to the eye.If you love gardens, this is the perfect calendar to have.

This is my favorite calendar. I get one every year. The pictures are beautiful. I live in Iowa and it really brightens my winters to have photos of those lush, gorgeous gardens in full bloom on my wall.

This calendar is a classic and I order every year for a dear friend and for myself. We both love it and have always thought a secret garden is a little part of "heaven on earth". Highly recommend for all those who love to garden or those that love to sit in one and drink in the breath of creation!

Obviously subjective: while whether you like the photographs is personal taste, I love them. There is a little description of each garden scene which is nice; and a small quote. Very well done!

I get the Secret Garden calendar every year. The pictures are outstanding.

I've been getting this calendar for the last few years for my office, and the pictures are just stunning.

I Love gardening and have always had a garden from the time I was in 8th grade (some 56+ years ago) and this beautiful calendar really brightens up my wall here in bleak January. Every month has a magnificent example of a mature English garden in full bloom at different times in the growing season. Such a wonderful set of beautiful pictures. If you like gardens then this calendar is for you. Highly recommended to any and all.

I've bought the Secret Garden calendar for years, and it always delights. The pages are a good size, the paper is a nice weight, and the photos are always outstanding. I usually have two or three calendars each year, this one for the kitchen and others for the bedrooms. I vary the theme of the others from year to year. but this one is a must. I've never had a problem with the weight pulling the calendar off the wall with this, either.
